

UT Southwestern's statement to CBS 11 News:

“UT Southwestern is one of the nation’s most respected academic medical centers, and we are committed to excellence in all that we do. As a part of the University of Texas System, we have strict policies to ensure our compliance with the best financial operating standards. Quarterly financial reports are filed with the UT System, we are audited annually by the State Auditor’s Office, and our own internal audit office reviews department operating policies and procedures to ensure proper internal controls. Any implication that the expenditures or business practices of UT Southwestern constitute inappropriate conduct would be a serious misrepresentation of truth.”
